pimples. They came in blotches, about a half dozen together. When they first appeared they were red and inflamed and itched very much. I scratched them so they bled and then they developed into sores. The disease spread to my other

I took a hot bath, using Cuticura Soap, and then applied the Cuticura Ointment to the affected parts before going to bed. When I woke up the next morning the itching had stopped. ### GOMPERS WOULD IMPEACH WRIGHT

Offers Evidence to the Nebraska Dem ocratic Congressional Deleegation.

Washington, Aug. 10.—Samuel Gompers, president of the American Federation of Labor, yesterday appeared before the Nebraska Democratic congressional delegation to present evidence which he thought might warrant impeachment of Justice Daniel Thew Wright of the District of Columbia supreme court, who sentenced Gompers, Mitchell and Morrison to jail for contempt in the Bucks Stove and Range Co. The hearing was private.

The Nebraska Democratic state platform called for an inquiry into Wright's judicial conduct. If the evidence warrants action, they will demand that the House judiciary committee make formal investigation looking to impeachment. Gompers was accompanied by counsel. The delegation does not contemplate action at this session of Congress.
